ELECTRIC HEATING  
SOLUTIONS

PRODUCT RANGE

# Amptec and Electromax.

Comfort and control  
without a mains  
gas supply.

Over 2 million homes in Britain today are without a mains gas supply. Many older houses have flue restrictions that prevent the use of a gas boiler. Amptec and Electromax from Heatrae Sadia have been developed with these constraints in mind.

We don't believe our customers should be restricted because their property doesn't have a gas supply.

Compact and unobtrusive, Amptec works with standard radiators, programmers, circulating pumps, room thermostats and thermostatic radiator valves, to heat water for radiator or underfloor heating systems. Amptec is ideal for extensions, loft conversions, conservatories and garages where space is at a premium.

UK designed, engineered and manufactured, Amptec's slimline design comes with a 2 year parts and labour warranty.\*

*\* Visit [heatraesadia.com](http://heatraesadia.com) for details of full product warranties.*

Like Amptec, Electromax is compatible with standard radiators and thermostatic radiator valves and comes with a programmable thermostat. Not only does Electromax provide hot water for your heating system, it's provided with a built in hot water storage cylinder to deliver mains pressure hot water to your taps, bath, shower and other hot water outlets.

UK designed, engineered and manufactured, Electromax comes with a 2 year parts and labour warranty with 10 years on the cylinder.\*

*\*Visit [heatraesadia.com](http://heatraesadia.com) for details of full product warranties.*

Whether you're installing a new bathroom or kitchen, simply updating in part or designing your new build, it's vital that you review your hot water system, to ensure it supports your modernised outlets and needs.

## AMPTEC

Amptec electric flow boiler provides hot water to your wet central heating system.

Available in a range of kW sizes, Amptec is suitable for pressurised or open vented systems.

## ELECTROMAX

Electromax electric flow boiler provides hot water for your wet central heating system and stores mains pressure hot water for taps and shower outputs.

Available in two domestic kW sizes, Electromax is designed for sealed systems.

Unlike gas systems, there are no requirements for an annual safety certificate, making Amptec and Electromax an ideal option for landlords and apartment blocks. To find out more about Heatrae Sadia products visit [heatraesadia.com](http://heatraesadia.com).

## ORDERING GUIDES

### AMPTEC

Product	H	W	D	Weight	ErP rating	Order Code
	mm	mm	mm	kg		
Amptec C400 Standard - 4kW	1050	90	90	7.5	D	95:022:001
Amptec C600 Standard - 6kW	1050	90	90	7.5	D	95:022:002
Amptec C900 Standard - 9kW	1050	90	90	8.5	D	95:022:003
